

BA - 2104

POWHATAN FACTORY CHAPEL - 1873 - 2119 Gwynn Oak Avenue, Woodlawn. The present Methodist church's rear meeting rooms are the original Methodist church built on the east side of Gwynns Falls by the Powhatan Factory Company in 1873, following the loss of an earlier church to a tornado. The structure was acquired by the present congregation after the demise of the manufacturing complex. It was moved intact over the falls on a bridge of empty whiskey barrels in February 1904. The adjoining frame church closer to the street dates from 1932.
